**Importance:** High

Hi:

Attached is the signature page of the 1900-55. That was the first one, correct?

I am trying to plan ahead but still awaiting some management decisions as well as funding for the NFB Site. Calendar attached. Thanks

- **Niagara Falls Boulevard Site**

- Mobilize at NFB on March 24, 2016 and start Sawdust room build, woods clearing and gamma survey of woods
  - Similar assessment strategy to what we performed at Holy Trinity Cemetery
  - Ludlum 2241 with 3\*3 probe/Viper ATV
  - Data Rams or Dust Tracks
  - Radeco
  - HPIC
  - Skid Steers with attachments for woods clearing
- Excavation of soil from GNBC Office/Warehouse Areas
  - Possibly start on May 29<sup>th</sup> (Concrete demo work on Sunday)
  - Need Clean fill for interior spaces

- **Holy Trinity Cemetery Site**

- Installation of radon mitigation system
  - Proposed dates of installation May 25<sup>th</sup> and 26<sup>th</sup>.
- Radon canisters and laboratory analysis for post installation sampling
  - Propose drop on May 31st and pick up on June 3<sup>rd</sup>.

Regards,

Eric
